

## Finished size

29.25 x 34.25 x 9cm (11½ x 13½ x 3½in)

## What you need

66 x 79cm (26 x 31in) outer fabric

91.5 x 91.5cm (36 x 36in) lining fabric

61 x 61cm (24 x 24in) single-sided fusible foam stabilizer

1.6m (62in) of 2.5cm (1in) wide webbing

91.5cm (36in) of 2.5cm (1in) wide elastic

Magnetic snap fastener

61 x 23cm (24 x 9in) wadding/batting

Repositionable spray fabric adhesive

30.5cm (12in) circle template – I used a plate

**1** Cut two outer, two lining and two fusible foam pieces measuring 30.5 x 35.5cm (12 x 14in). Fuse the foam to the wrong sides of the outer fabrics, then use your 30.5cm (12in) circle template to round off the tops of all four pieces.

**2** Cut one outer, one lining and one foam piece for the base, each measuring 30.5 x 12.75cm (12 x 5in). Cut two outer, two lining and two foam pieces for the sides, each measuring 12.75 x 20.5cm (5 x 8in). Fuse the foam to the wrong sides of the outer pieces.

**3** To make the pockets, cut one outer piece measuring 35.5 x 35.5cm (14 x 14in), one lining fabric piece measuring 30.5 x 25.5cm (12 x 10in) and one lining piece measuring 30.5 x 15.25cm (12 x 6in). Fold each piece in half lengthways, right sides together, and sew the long edge to make a tube. Turn right side out and press, then topstitch along the top edges.

**4** Sew the sides of the outer fabric pocket to one piece of the caddy lining, 4cm (1½in) up from the bottom; the pocket will be wider than the lining.
