The 15 designs are created using the full-size rigid template contained within the book. It is easy-to-use, durable, reusable, wipe-clean and perfect for fussy cutting, plus it's simple to position and use there is no need to pin it.

The satchels are made using different techniques, pockets, straps and fastenings to create 15 very different results. But why stop there? The template can also be used for your own design variations. As well as the techniques covered within the book, Debbie gives advice on how to adapt and create your own unique designs.
