

## Birds, Butterflies & Little Beasts to Knit & Crochet

by Lesley Stanfield

New and updated edition of the best-selling book *75 Birds, Butterflies & Beautiful Beasts to Knit & Crochet*

Expand your knit and crochet repertoire with this delightful menagerie of miniature bugs and beasts: from creepy crawlies and weird wigglers to beautiful butterflies and splendid metallic dragonflies. Use them to decorate your clothes and accessories, to give as gifts — or to decorate your gift wrap and greeting cards — and to collect as a creative display piece.

Choose from winged insects and flying fancies, hanging horrors, cute ladybirds and perfect honeybees, tropical horrors and garden favourites. Each critter is cross-referenced to a complete pattern or chart at the back of the book, with information on stuffing, finishing and yarn requirements. There are also helpful hints on creating iridescence and translucent wings. The book also includes leaves, flowers, shells and other elements from the natural world.

*75 projects to make your own mini world*
