# 20 Twenty to Make

Frances  
McNaughton

If you want a special decoration for a party or wedding cake, girly cupcake or designer cookie, bags never go out of fashion and they will create a sugar sensation. Frances McNaughton shows how to create tasty bags with an assortment of sweet embellishments. No specialist moulds or cutters are required, just commonly used sugarcraft tools and materials. The following are some of the projects: a clutch bag, starry evening bag, basket, zebra print bag, leopard vanity case, gel bag, sheepskin bag, camouflage bag, backpack, designer satchel and sporran. The constituent parts of the bags are shown with the step by step instructions, and annotated for clarity, then the finished items are pictured in all their splendour. People will love to make these cake toppers for friends or relatives who can't get enough fashionable bags.

No competition presently in the market devoted exclusively to sugarcraft bags. Well known author who has already produced a best-selling book on sugar animals - now turns to the popular subject of bags. Easy to make with readily available ingredients and equipment.
