Lisa Marie Olson

There are 12 gorgeous projects, ranging from decorative teacups, a teapot and a tealight holder to more practical pieces such as a pretty handbag, a lampshade and cosy slippers all inspired by Lisa's love of fairy tales and fantasy stories, including Alice in Wonderland. You can embellish these lovely felted items in many different ways and create your own fabulous works of art. She also includes other techniques such as needle felting, hand stitching, embroidery and applique to further embellish the projects. The projects can be followed exactly, but also provide you with the inspiration to let your creativity loose and customize them to your own style.

There are also full-size templates provided on a separate, foldout sheet.
