

Botanical Illustration from Life

by Işık Güner

Observe, draw, paint, explore and master the art of botanical illustration.

Award-winning botanical artist Isik Guner shares her passion for drawing and painting living plants from around the world. Her work is both artistically accomplished and scientifically accurate, and will inspire you to master the skills you need to produce your own botanical illustrations from life.

- Discover how to select, preserve and position your specimens.
- Develop your understanding of perspective and composition.
- Learn the techniques of drawing and watercolour painting.

With the help of Ekin Ozbicer's striking photography and numerous illustrations by Isik and other renowned botanical artists, this visually stunning book bridges the gap between science and art and will inspire artists, illustrators, botanists and plant lovers in equal measure.
